Some of the most courageous people we know are still in elementary school. Elizabeth White is a case in point.

With your help, The Home Builders Foundation is going to make Elizabeth's bathrooms accessible, widen her home's other doorways and install a chair glide so she can reach the bedrooms upstairs. Will you help us lighten the load for this courageous young girl? Your gifts will make the difference.

accessibility accessing the possibilities

The mission of the Home Builders Foundation is to provide accessibility solutions and home modifications for individuals with disabilities and financial need through the collaborated efforts of the building industry.
